

## Clay Electric Cooperative selects Cayenta's CIS Solution

Vancouver, Canada - May 20, 2010

Cayenta is pleased to announce that Clay Electric Cooperative has chosen Cayenta Utilities for its CIS.

The implementation will commence in June 2010.

Clay Electric is a member-owned, electric power supplier, serving 165,000 customers in Northeast Florida. Cayenta Utilities will enable Clay Electric to deliver on its mission to exceed the expectations of its members by providing excellent customer service and reliable electric service at competitive rates, and to be recognized as an innovative and proactive cooperative, meeting the competitive, political and regulatory challenges within the changing utility industry.

"After an extensive selection process, Clay Electric felt that Cayenta provided the best combination of functionality, performance, price, and customer service. We are very excited to partner with Cayenta for this project," said Bruce McHollan, Director of Information and Communication Technology. "Meetings with some of Cayenta's current customers proved invaluable as we made our final decision."

"Clay Electric Co-op is very progressive and will be an excellent addition to the Cayenta family. We look forward to a long and productive partnership with them" remarked Brad Atchison, General Manager of the Cayenta business division. "We are eager to work closely with Clay Electric on a successful implementation of the Cayenta Utilities Solution."
